

WORLDCHANGERS 10

HEY FRIENDS! Get ready for hard, sweaty work, sleeping on floors, helping those in need, witnessing for our Lord, and one of the best experiences of your life! This year we head back to Greenville, South Carolina for a week of ministry and help. Recently we have asked you to begin to pray carefully about your involvement in this endeavor. We are not going in order to just play around or take it easy. We are going in order to share our Savior Jesus Christ with the people of Greenville through building, maintenance, our actions, and verbal testimony. Much ground work has already been done but there is still so much that must take place in order for us to prepare ourselves. ***It is imperative that you and your parents read the following information completely and carefully so that you will know exactly what is going on and the level of commitment that you are making.*** You have until January 25th to make your decision.
